Famous 24th U.S. Infantry Encamps In Jackson

JACKSON, Miss.-The 24th Infantry, one of the most famous regiments of the United States Army, and one of the four great Negro regiments, which added so much to the history of the American Army, encamps in Jackson early Saturday morning and remained here until Sunday morning.

Enroute to points in Louisiana, the regiment, along with many thousand of other colored and white soldiers will participate in the large scale maneuvers to be held in the Louisiana area next month.

The group which encamped here was composed of over 1000 officers and men, a large number of whom are from Mississippi, Alabama and

Along with the 25th Intantar, 9th and 10th Calvalry, the 24th Infantry as one of the four regular regiment, of colored soldiers has distinguished itself both in war and in peace. One of the most celebrated exploits being performed while in the fore front of the attack with Colonel Theodore Roosevelt at San Juan Hill in Cuba during the Spanish American War. In peace time the regiment has led the entire United States Army, several times, as well as winning

the international championship for markmanship with small arms. The regiment traveling by truck left Jackson early Sunday morning

RACE CRITICS Praises Governor Talmadge for His

School Defense

HE'LL ANSWER

ATLANTA, Ga.-(SNS)-Governor Talmadge told newspapermen Monday he had received a letter from J. W. Holley, president of Geor gia Normal and Agricultural College at Albany. He said President Holley praised him for his "magnificent defense" of separate educational programs for colored and white students in this state. In the letter, President

Holly said: "I will answer fully and effectively the adverse criticism that comes from my own people in Atlanta and northern papers and

Governor Talmadge said he replied by inviting the Alext Board of Regents' meeting at Tifton, August 11. In his reply, Governor told Pres-

ident Hollev: "I want them (members of the board) to hear from you. Prof. Holley came into the picture after Gov. Talmadge and his 1-evamped Board of Regents oustd two prominent white educators from their state teaching posts. It was alleged that the fired white men had advocated social equality of the two races.

In his radio address last Friday night, Governor Talmadge stated his position on the Negro education question in Georgia by quoting a speech delivered by Presi-cent Holley before the State Board of Regents in 1935.

Holley was quoted by the Governor as saying: "The Negro (educational) units have no place in the University System . . the background of the Negro is vastly different from the white man, his environment is unlike that of the white man, and his future outlook so different, that it will be impossible to orientate or fuse both races in one educa-tional system . . Those Negro units should be set apart by themselves under a special commission Give us separate schools from the elementary grades through the graduate schools and we will give

to the state a Negro citizenship that will contribute its full quota to the sum total of all that makes for a happy anl prosperous commonthwealth Following the address, many Georgians expressed themselves as

opposing Holley's contentions. Recruiting Office **Announces Number** Of Vacancies

Nation Located Just Below Dakar May Get Air Bases

WASHINGTON, D. C .-(ANP)-Contrary to President Roosevelt's declaration that he had no intention of sending any more American armed forces overseas at this time, reports circulating last week gave evidence that the United States is seriously considering building an American naval and militury base at Liberia and on the west coast of Africa.

The information that Liberia under consideration came from an administration conference report. discuss the matter but indication are that Liberia has been consid ered as an alternative deemed too risky.
